

ADHD Adult Presentation

Wednesday, February 20, 2019
7:00 – 9:00pm

“Combining Medication and Non-medication Treatments for ADHD”

Presented by: Dr. Lawrence Budner, Psychiatrist

Dr. Budner will discuss a style of treatment that is multi-modal. He will present on a range of treatments, including individual and family therapy, behavior modification, cognitive-behavioral therapy, and psychiatric medications, as well as information on effective treatments for ADHD/ADD and other co-occurring conditions. Bring your questions, Dr. Budner has answers and you can call him Larry!

Dr. Budner received his undergraduate and medical degrees at Brown University, and then trained in adult, child and adolescent psychiatry at UCI, where he was both chief resident in psychiatry and chief fellow in child and adolescent psychiatry. He is board-certified in both adult, and child and adolescent psychiatry. He has been on the staff of CHOC since 1988, and was head of psychiatry there until a hospital-based psychiatrist was recruited in 2001. Dr. Budner specializes in ADHD, ADD and co-occurring psychiatric conditions.
